COLLEGE NEWS

An historic event took place at the University of Louisiana Monroe when an investiture ceremony for the university's ninth president was held during the week of the institution's 90th anniversary.

On Oct. 1, 2021, President Ron Berry received the university medallion and symbolic mace, just a few days and 90 years since the institution's first day of classes on Sept. 28, 1931.

COLLEGE NEWS

The University of Louisiana Monroe College of Pharmacy is not new to the Shreveport area. In fact, it has maintained a campus close to its practice site at Ochsner LSU - Shreveport for 15 years. However, it is new to the downtown Shreveport area. Our vision has grown for this campus, and with that vision, changes were needed to accommodate the potential growth and expansion. Now, with the new location at 400 Texas Avenue, in the Chase Building, the university has the opportunity to make some of these visions a reality.

Over the past three months, renovations on the new suite took place to include administrative offices, a space for an interactive classroom, as well as a large student lounge necessary for the expansion of students on campus. Current plans include a possible transition into a 2+2 model of curriculum delivery, meaning more students will have the opportunity to spend time on the campus.

If we see this new model come to fruition, it will not only be adapted to our Shreveport location but will also expand to include our New Orleans campus.

The Shreveport campus currently houses 8 faculty members, including a Regional Dean, Associate Dean for Academic Affairs and the School Director for Clinical Sciences. An additional faculty member will be on-site at the end of August, and we are in the process of hiring a new administrative assistant. Our Shreveport faculty not only work with students in our practice sites but also teach a large number of classes both in-person and via distance through Zoom.

Our current setup sees on-site students as part of their last year (P4 year) of the professional program so there are typically 6-12 students on campus at a time. These student rotations take place at Ochsner LSU and include ambulatory care clinics in family

medicine, heart failure and oncology, as well as inpatient services for adults and pediatrics.

An open house was held on July 29 to showcase the newly renovated downtown space. Speakers included Shreveport Regional Dean, Dr Shawn Manor, ULM Co-4 (r)-7 (hn)-15.9tkror ClinL a lies 8 fact (ed S)-4r(inpa)6(nt)es be(inc)-5 (e)-6.9 (.9 (t R)-12 (e)-4 (g)-t)-e(y 29 t)ll(ke pl)-8 (a6(nt)es b)-4 (o)-6 (4 (tanc)6 (e t)-4 (hB4 (a d)-15.n f)-5.9)es b9(l aue ta)-1ic2 (i)-9 (ona)-9.9 (l Dean, Assm2 Td(L time,5 (h a l)-7.9 (arge numb)-6 .9 (mni)y 29 me(i)-12.9 (l)-16 (l)3.9 (d)-16ional Dean, SI (ke pl)-8 (ai)-9 (cs.)T (h a l)-7.9 (argbuse a)-9.2 Td{ (e)-4 (g)-t),4 (-10 (l)-16 ((a)-10 (l))-6 (c2 (S)-6 (e.
