

UNIVERSITY OF LOUISIANA AT MONROE
SCHOOL OF PHARMACY

Self-Disclosure Policy

Students applying to the School of Pharmacy are required to undergo a background check as a part of the application process. In addition to application related background checks, all students enrolling in the professional program undergo criminal background checks as a part of obtaining their Louisiana State Board of Pharmacy Intern License.

In the interest of public health and safety, all students enrolled in the professional program of the School of Pharmacy shall self-disclose to the Associate Dean for Academic Affairs (ADAA) any tickets or charges since the initial program application involving alcohol or illegal drugs or misdemeanors and felonies of any type no later than five (5) business days following the arrest, ticket or charge. An arrest includes the issuance of a written summons regardless of whether the student is taken into custody by law enforcement. This includes but is not limited to moving traffic violations involving alcohol and illegal drugs and charges filed by the Louisiana State Board of Pharmacy. It is recognized that arrests, tickets or filed charges do not represent a conviction or admission of guilt, therefore, the disclosure will result in follow-up questions with the ADAA or his designee pending the ultimate outcome of the incident. The student will be responsible for providing follow-up information to the ADAA as events change in the case.

Failure to disclose information that is subsequently found
